Experienced Frontend Developer with 4+ years of experience building and maintaining high-quality web applications using modern technologies such as React, TypeScript, and Next.js. I specialize in creating scalable UI components, optimizing performance, and collaborating with teams to deliver user-friendly solutions.

Experiences

Frontend Developer at [SADAD](#)

Feb 2024 - Present

Tehran, Iran

- I am developing and maintaining high-quality web applications using Angular and Nx.
- They used an outdated date picker, so I created a new one from scratch and put it on their package.
- I've implemented a sidebar menu with unlimited leaves, and its children are dynamically generated based on user permissions obtained from the API.

Frontend Developer at [TashilCar](#)

Dec 2022 - Nov 2023

Tehran, Iran

- I worked with React, Next.js, TypeScript, styled-components, Git, and Figma.
- I used React Query for API state management and caching.
- I developed an icon package for them. It imports icons from a Figma file and exports them as a React component.

Frontend Developer at [Fanap Plus](#)

Jan 2021 - Nov 2022

Tehran, Iran

- I implemented a recursive comment component to render comments infinitely.
- I used technologies such as React, Next.js, TypeScript, Tailwind CSS, Git, and Figma.

Frontend Developer at [Arsh E-Commerce Service \(AES\)](#)

Nov 2019 - Dec 2020

Tehran, Iran

- Developed various web applications, from the admin panel to e-commerce and map-based web apps.
- Built and maintained the company's website using WordPress and other frontend technologies.
- I have experience working with React, React Redux, Redux Saga, Formik, Bootstrap, Flow, and styled-components.
